Miscavige knew I was raped. He knew vic B was raped. He knew about our ethics punishment and that Danny Masterson received zero help & continued to rape countless women. I can't wait to have him deposed. We have the evidence to prove it. Won't be able to get outta this one!😘

good for you, I hope you and the others women win your case/cases. You can view my cases at FedCourt.info, I was held hostage in my home in 1998 by Scientologists, Sea Org and Staff, when I followed up on the police report, I was threatened with murder by the LAPD,

really, where cause it's no longer posted on Tony Ortega's blog, not her story about what happened to her but her story of this dude stalking her including video evidence of that guy stalking her, that post has been deleted and that's what my blog post is about.
